

ADDRESSING THE CHALLENGES OF INNOVATION

Panelists: Derek Adams, Jean Bender,
Lynne Frick, Neal Gordon, Jorg Thommes

Moderator: David Fritsch

ISPE Product Show 2019

Advancing technology to aid
scientists in developing cures
and treatments

We help because we can!

The BioInnovation Group Seeks to
advance new and emerging life science
technologies and biotools to help
scientists & engineers improve, streamline
and innovate in the areas of drug
development and manufacturing.

We believe we can make
a difference
